MEMORANDUM TO: Executive, CIA

SUBJECT: Operational Coordination

REFERENCE: Memo from Executive to Director on subject,
dated 8 November 1949

25X1A9A

Since reference memorandum was not received in OPC until 16 December, and in view of the far-reaching effect of the proposals contained therein, this office has not had an opportunity to complete an adequate study and prepare its comments. [redacted] asked me to report to you that since this has to be coordinated by ORE and OSI subsequent to our review, we have concluded that in the interest of expediting the entire matter, we should pass on the original and attachments and continue to work on our comments.
